## Keep it clean

There's no way to avoid tracking dirt and dust in from the outdoors. There is, however, a solution to keep it from spreading throughout the building. With our Mat Service, the right mats in the right places keep dirt and dust at bay, while ensuring your floors stay beautiful. What's more, we're happy to help you find the best possible mat solution and changing frequency. This means your building, and its floors, stay cleaner for longer. Add lower cleaning costs to that and you can see why mats matter.

### When weighing options for premise cleaning, it is best to keep a few facts in mind:

Set up correctly, our Mat Services enable significant savings in cleaning costs and also increases the comfort and attractiveness of your premises in various ways.

- On average, **80%** of the dirt inside premises is carried in through the front doors.
- On average, **70%** of the cleaning costs of premises is spent on the floors.

Set up correctly, our Mat Services enable significant savings in cleaning costs and also increases the comfort and attractiveness of your premises in various ways.

# Beautifully practical

There's more to mats than meets the eye. The right mats have a major impact on an environment's ambience. They can add just the right touch to interior design, guide employees and visitors in the right direction, and strengthen your brand's image – all while providing comfort and better acoustics. Simply put, marvellous mats are always a winning combination of fine functionality and amazing aesthetics.

# Less slips. Less trips.

Fewer trips and slips make an environment better for everyone. Mats stop the dirt and moisture that cause these accidents, making your floors safer for the people who walk on them. Plus, ergonomic mats are a must for increasing comfort and well-being during standing work.

## Standard mats

help keep premises clean by keeping out sand, mud and loose dirt. Thanks to their rubber backing, the mats also stay in place, which increases safety.

## Design mats

for communications, interior design and strengthening the company's brand. Also same dirt stopping functions as with standard mats.

## Ergonomic mats

designed for placement behind service counters or similar stations with a lot of to-and-from movement.

## Entrance mats

stops the heavy grit and water that is carried in through the front doors. Its surface texture prevents slipping, which is an important safety factor.
